

ADVANCED MOBILITY SYSTEMS

E-Z BACK SYSTEM

E-Z BACK SYSTEM COMPLETE

The most versatile back today. The laterals, being independent of one another, are easily interchangeable from side to side. This, combined with the adjustable lumbar, allows the system to give the user the lateral or pelvic support which they may need.

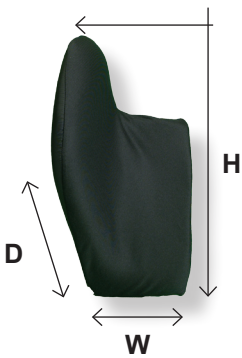

The E-Z Back can easily be mounted on sling back wheelchairs, commodes, home chairs, driver and automobile seats.

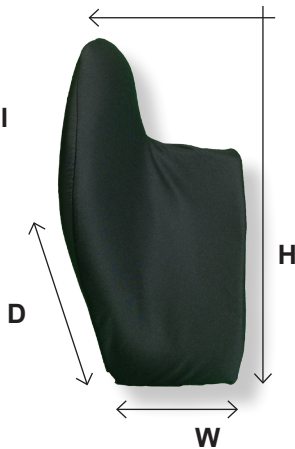

Laterals w/ velcro back panels

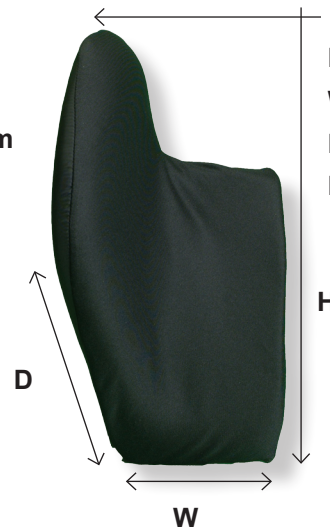

Laterals w/ velcro back panels (reversed)
